

January 30, 2006

The Board of Supervisors held the continuation of a public meeting regarding the proposed amendment to the TND ordinance. MaryAnna Ralph opened the meeting and announced that it was a continuation of a hearing held December 19, 2005. The meeting was turned over to John Spangler and a court reporter was present. John Spangler stated the only change in the ordinance was the reduction of density from 6 to 4 units per acre. The change was sent to the County and Township Planning Commissions and duly advertised. The township did receive the county comments. Mr. Spangler sent a letter to the supervisor's giving his opinion on the proposed changes which the board will review. Mr. Spangler also stated that there is a negotiating committee which is making some progress. With that being said, the board agreed to table discussion on the proposed amendment and consider it at their March 6, 2006 meeting.

The public hearing was closed. The Board did continue to answer any questions from the residents in attendance. The meeting adjourned at 9:30 p.m.

Respectfully submitted:

Kathleen Howley  
Township Manager
